

# Mortuary Transporters

YEARS: 2015 – PRESENT

WHEELBASE: 130- OR 48-INCH

ROOF: LOW, MEDIUM OR HIGH

## Double Decks Provide More Capacity, Securement and Easier Content Handling

Drivege offers a double-deck system developed by funeral industry leader Link Mortuary Equipment. These vans can be staffed by one operator and increase the overall capacity of cargo vans by allowing for the transportation of either four stretchers, four cremation containers or two caskets.

### Easy loading and transport

Powered upper deck with safety latch raises and lowers within seconds, allowing for easy loading/unloading.

### Increased capacity

Transports either 4 stretchers, 4 cremation containers or 2 caskets.

### Fits Standard and Oversized Cots

The reinforced deck system fits a standard and oversized cot side-by-side, with a 50.5" upper deck and a 51.8" lower deck.

# The Most Reliable and Durable Deck System Available

**Nylon Casket Rollers —**  
Each deck includes four casket rollers to make moving caskets and air trays in and out of the van easier.

**Durable Deck and Glide Strips —** The aluminum deck with glide strips makes loading easier while also protecting the vehicle's floor.

**Powered Upper Deck —**  
The upper deck raises and lowers within seconds, allowing one person to easily load and transport cots, caskets, or air trays.

**Recessed Aluminum Cot Cups —** Solid cast aluminum cot cups help prevent cots from shifting during transport.

## Vehicle Applications

Driveerge offers mortuary vans built on Ford Transits/E-Transits, RAM ProMasters and Mercedes-Benz Sprinters.

Vehicle	Roof Height	Year	Wheelbase (in.)	Product Code
RAM ProMaster 2500	High	2014–Present	159	7226A000
RAM ProMaster 3500	High	2014–Present	159	7226A000
Ford Transit/E-Transit 150	Low or Medium	2015–Present	130 or 148	7226A000
Ford Transit/E-Transit 250	Low, Medium, High	2015–Present	130 or 148	7226A000
Ford Transit/E-Transit 350	Low, Medium, High	2015–Present	130 or 148	7226A000
Mercedes-Benz Sprinter 1500	Standard or High	2001–Present	144 or 170	7226A000
Mercedes-Benz Sprinter 2500	Standard or High	2001–Present	144 or 170	7226A000
Mercedes-Benz Sprinter 3500	Standard or High	2001–Present	144 or 170	7226A00

## Certified Quality Upfits by Driveerge

Global automotive brands have certified Driveerge as an authorized upfitter. So you can be sure your conversion meets or exceeds the OEMs' standards for fit, finish, and safety.
