

The Driverge

Ram ProMaster with Automatic Lift

Driverge's Non-Emergency Ram ProMaster Transporter with automatic lift is an excellent option for Senior Living, Group Homes, Churches, and other businesses or organizations transporting people with disabilities and ambulatory passengers.

This ADA-compliant Wheelchair-Accessible Ram ProMaster 2500 is equipped with an automatic lift for easy wheelchair access. It is available in Rear-Entry and Side-Entry conversions on 236" length and 102.1" high roof chassis. The Ram ProMaster is designed to cater to both wheelchair-bound and ambulatory passengers.

The time-tested RAM ProMaster chassis features intelligent design and boasts one of the best turning radiuses in the commercial van industry. It is ideally suited for NEMT (Non-Emergency Medical Transportation) applications.
