## The Industry Leader

MobilityWorks Commercial is the industry leader in wheelchair accessible vans, shuttles and ADA compliant minivans. Whether you need one vehicle, or an entire fleet, we are your one-stop resource.

## Listening is Our Policy

We believe in building relationships, not just vehicles. That's why we start by listening to you. Our expert Accessible Fleet Consultants will begin with a comprehensive analysis of your organization's vehicle/fleet needs. We find out how you are planning to use the vehicle, who your passengers are and what preferences you have in order to recommend solutions that are right for you.

We know that versatility is essential — so we will guide you in selecting a vehicle or building a fleet that can accommodate both your ambulatory passengers as well as your wheelchair users.

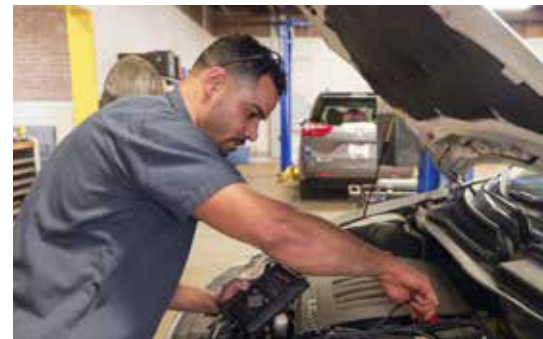

## Products and Services

At MobilityWorks, we believe in the highest quality, value and service. Our strict engineering and quality standards ensure passenger safety and comfort, giving you the best value for your transportation dollar. From selection of your vehicle, to financing, delivery, nationwide service and a great warranty to back our product — our turn-key service takes the hassle out of your fleet purchase.

We combine our hard work and superior craftsmanship to offer the highest-quality FMVSS, OEM and ADA-compliant commercial vehicles in the country.

Our commercial production facility was one of the first adaptive vehicle manufacturers to qualify for the Ford Quality Vehicle Modifier (QVM) certification program and bi-annual audit process.

MobilityWorks Commercial also maintains accreditation with the National Mobility Equipment Dealers Association (NMEDA) as a Structural Vehicle Modifier.

### Financing

- Financing options available to qualified applicants\*
- 36, 48 and 60 month finance terms available
- Our referral network also includes many leasing companies and local banks to help get you approved
- Government Price Concessions (GPC) and Mobility Motoring Incentives from Ford can also significantly reduce the cost of your van. Ask us for more information

### Did You Know That We Accept Trade-Ins?

Ask one of our Accessible Fleet Consultants for more information on a free appraisal of your vehicle(s) to determine your eligibility for a trade-in.

### On-Site Training

Along with our partners and product specialists, we offer free, on-site training for proper wheelchair securement, lift operation and more. We want to ensure that your staff members understand the correct way to utilize the accessible equipment, for their convenience and safety, as well as for your clients.

\* Please note that financing is subject to commercial lender review and approval. Not all that apply will be approved.

## Commercial Rentals

MobilityWorks offers wheelchair accessible van rentals to help you keep your fleet on the road in the event of needed service/repairs. You can also rent a commercial accessible vehicle to help you determine which type will best fit the unique needs of your organization.

### Wheelchair Accessible Van Rentals

- Rental locations across the country\*
- Van delivery available\*
- Side and rear-entry ramps available\*
- Professional demonstration of our van and equipment to operate vehicle and ramp system
- All vans are equipped with easy-to-use retractable tie-downs
- Short-term and long-term rentals available. Long-term rentals are available at a special discounted rate
- 24 hour emergency hot-line ready to assist you in case of an emergency

## Commercial Service

Your vehicles are critical to you — and your clients. You can trust MobilityWorks Commercial for the highest quality, most reliable routine maintenance, service and repairs. Regular inspection of the vehicles in your fleet can save you costly repair costs down the line.

Our highly trained technicians follow strict guidelines for quality assurance so that your vehicles are always in top working order. We offer:

- Wheelchair lift repair & installation
- Electrical component repair
- Tie-down installation
- Restraint belt installation
- Step repair & installation
- Seating repair & replacement

We have nationwide service centers for your convenience.

\* Not all MobilityWorks locations currently offer commercial wheelchair accessible rentals. Van delivery based on availability when reserved. Additional charges will apply for van delivery. Please contact a MobilityWorks Rental Representative at 877-275-4915 for more information."

- Optional camera and DVR systems
- Optional isolation section bulkhead allows for the separation of male and female prisoners
- Alternate seating layouts/configurations also available
- Wheelchair accessibility options available.

## Only From MobilityWorks Commercial: The Most Flexible and Versatile Wheelchair Vans Ever!

SmartFloor™ is a patented and innovative floor system available exclusively from MobilityWorks Commercial. The modular SmartFloor technology allows for easy and quick movement of seats and wheelchair positions nearly anywhere within the van.

Innovative seat bases with wheels means no lifting — simply roll seats to the lift for removal or keep them on the van and move to another spot to make room for wheelchairs. Need some extra legroom for the passenger in a leg cast? No problem! Simply move a seat back a few inches.

Wheelchair vans and transporters can now be converted from ambulatory transport to wheelchair transport and back as often as needed, taking just a few seconds per seat. The vans with SmartFloor can fit up to four standard wheelchairs or fourteen ambulatory passengers.

- Meets ADA and FMVSS requirements
- Fully pull tested to meet rigorous US standards
- Increase your opportunities and profit potential with the flexibility of seat layout
- Available EXCLUSIVELY in North America from MobilityWorks Commercial

## Parts

We can also service you with genuine repair parts. We offer a full line of replacement parts and accessories, including lift parts, tie-downs, restraint belts and more! We accept most major credit cards and can ship to your location. For more information, or to place an order, please call 800-343-3150.

## Accessories

MobilityWorks Commercial also offers a wide-range of accessories for your vehicle. Ask us for more information on:

- “O2 on the go”
- Cot mounts
- Running boards
- Stantion poles
- Storage bags and more

## Customization

MobilityWorks Commercial maintains an experienced staff of engineers and vehicle manufacturing experts to design and build custom commercial van applications that meet the unique needs of your organization.

Our sales, engineering and manufacturing teams will meet with you to learn about the unique needs of your organization; how you will use the vehicle, what you will be transporting, special features that should be incorporated into the vehicle and your budget.

We have provided solutions for the transport of medical equipment as well as for electricians, paint companies and many other types of organizations.
